

DID YOU KNOW WE OFFER A REFERRAL PROGRAM?

Do you have our fiber internet service and want to scream from the rooftops that it's the ever?? Want an opportunity to get a \$50 bill credit per referral?

Here's how it works:

- 1) Refer a friend, neighbor, family, or anyone, and when they call in for service, have them tell our Customer Service Representatives that you referred them.
- 2) Our Customer Service Reps will apply a \$50 bill credit to the referrer's account after the new customer's installation. That new customer will get \$50 off their first month. That new customer can now start referring and have the opportunity to receive \$50 bill credits for referring new customers.
- 3) Referrals are buildable. There are no limits to the number of referrals or \$50 bill credits you can receive, so tell those who could benefit from fast fiber service!

Call 812-486-3211 today to get your install scheduled and start referring INTELECYN FIBER!
